## Enhancement of Hokuriku Shinkansen products aimed at foreign tourists visiting Japan A new tourist route - “Tateyama Kurobe Option Ticket” will go on sale!

JR EAST produces economical free-passes aimed at overseas visitors in Japan, such as the “JR EAST PASS”, and have been used by many travellers up to now.

On this occasion, to targeting foreign tourists visiting Japan, JR EAST is launching the “Tateyama Kurobe Option Ticket,” which is convenient for setting out on the Tateyama Kurobe Alpine Route, where the autumn leaves are approaching their peak, and JR EAST will be promoting it as a new tourist route using the Hokuriku Shinkansen.

## Use a delivery / temporary storage service and make your travel and sightseeing smoother!

Everyone knows that carrying around a big suitcase while traveling and sightseeing is a hassle. Here is some reasonable and convenient baggage delivery / temporary storage services available in Japan, which is the “Hands-Free Travel” service to help visitors to Japan travel comfortably. The Storage mark shown on the left of the logo indicates that temporary storage is available and the Delivery mark indicates that delivery service is available. Service in English is available at check-in counters with this mark (additional language availability varies by location). Baggage insurance is also available.
